Volume 1 Issue 10

A Bit of History

The following song was adapted from an Australian song. It is very fitting for this Rotary month. It was adapted when a Rotary exchange student was sent to Australia. While there, she became very ill. She needed to be flown back to the U.S. Her Australian friends and school mates got together, changed the words and sang to her before she was put on the plane.

We are one, but we are many, and from all the lands on earth we come. We share our dreams and sing with one voice. We are, we are Rotarians.
(sung to the tune 'We Are Australians')

SCRYE meeting January 2026, Tulsa OK. Pictured are the inbound exchange students currently in the SCRYE area.

Pictured in blue is the multidistrict Rotary Youth Exchange group D-5910 is a part of.

February is Peacebuilding and Conflict Prevention Month

Conflict and violence displace millions of people each year. Half of those killed in conflict are children, and 90 percent are civilians.

Rotary International refuses to accept conflict as a way of life. Rotary projects provide training that fosters understanding and provides communities with the skills to resolve conflicts.

Through service projects, peace fellowships, and scholarships, Rotarians are taking action to address the underlying causes of conflict, including poverty, inequality, ethnic tension, lack of access to education, and unequal distribution of resources.

February serves as a dedicated time for Rotary members to focus on building sustainable peace, with the Rotary E-Club of One World and others emphasizing that peace is built intentionally through service.

TOGETHER, WE CREATE HOPE IN THE WORLD --AND PEACE BEGINS WITH EACH OF US

As of early 2026, Rotary International continues to lead global efforts to eradicate polio, with wild poliovirus cases confined to low levels in Afghanistan and Pakistan. Key 2026 initiatives include a US$9.9 million grant for vaccination in Pakistan, a new Rotary leader taking over the Global Polio Eradication Initiative (GPEI) board, and intensified, targeted immunization campaigns aimed at 90-97% coverage.
